TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React

Backend: Node.js, PHP, Java, Spring Boot, C# (.NET)

Databases: MySQL, MongoDB

Manual Testing / Automation Testing: Selenium, Playwright, Software Testing

Automation: Selenium WebDriver, Playwright, Java

API Testing: Postman, REST APIs

Concepts: Data Structures & Algorithms, OOP, Computer Security

QA Technical Skills: Testing, Manual Testing, Functional Testing, Regression Testing, Smoke Testing, Exploratory Testing, User Acceptance Testing

Other: REST APIs, JSON, Git, Agile Scrum

EDUCATION

BSc (Hons) Software Engineering, First Class Honours

SLIIT / University of Bedfordshire

08/2022 - 04/2026

Certified Master Program

Institute of Computer Engineering Technology, ICET

07/2024 - Present

G.C.E. Advanced Level, Science Stream

Ave Maria Convent, Negombo

01/2006 - 08/2019

English Master Certificate Course

BCI Campus

2017

WORK EXPERIENCE

Software Engineering Intern

Srilankan Airlines - IT Business Systems (IT Operations & Service Management)

04/2025 - 10/2025

- Developed frontend and backend components for the Aero Vault system using HTML, CSS, JavaScript, C# and .NET.
- Designed and executed test cases for aviation business applications.
- Performed functional, regression, and exploratory testing.
- Identified, documented, and tracked software defects.
- Collaborated with developers to validate bug fixes.
- Participated in system integration and user acceptance testing.
- Created and executed test scenarios to validate application features, expected outputs and system behaviour.
- Identified, documented and communicated defects to developers for resolution and system improvement.
- Collaborated with software engineers and relevant stakeholders to troubleshoot bugs and improve application performance.

PROJECTS

Full-Stack Developer - SmartSpace AI, AI-Based Interior Layout Optimization

- Developed an AI-powered web application to generate optimized interior layouts using uploaded floor plans.
- Applied computer vision concepts and optimization algorithms to support layout recommendations.
- Enabled users to customize layouts and receive furniture recommendations.
- Technologies: React, Node.js, Three.js, WebGL and AI Concepts.

QA Engineer / Quality Manager -CleanOps Pro, AI-Enhanced Cleaning Operations System

- Developed and tested an offline-first workforce management platform.
- Supported QR-based attendance functionality with selfie validation.
- Contributed to scheduling, payroll automation and reporting modules.
- Verified secure role-based access control and data synchronization functionality.
- Created a Software Quality Plan aligned with ISO/IEC 25010 quality standards.
- Performed functional, exploratory and manual testing.
- Identified, recorded and tracked defects within an Agile Scrum environment.

Banana Math Quiz Game, Web Application

- Developed an interactive mathematics quiz application with a user authentication system.
- Implemented leaderboard and score-tracking functionality.
- Designed separate difficulty modes for children and adults.
- Developed backend APIs for data handling and score management.
- Technologies: HTML, CSS, JavaScript, PHP and MySQL.

Kokolam eCommerce Website

- Developed a MERN stack-based multi-vendor eCommerce platform.
- Implemented order management functionality for improved platform operations.
- Technologies: MongoDB, Express.js, React and Node.js.

eCommerce Online Store

- Developed a responsive online shopping platform with cart functionality.
- Implemented product search and order-tracking features.
- Technologies: HTML, CSS, JavaScript and PHP.

Selenium Automation Framework

- Automated login, registration, and checkout workflows.
- Built reusable Page Object Model framework.

Test Case & Bug Reporting Project

- Created detailed test cases.
- Reported defects with severity and priority classifications.

CERTIFICATES

Python for Data Science, AI and Development, IBM

Introduction to Front-End Development, Meta

Introduction to Back-End Development, Meta

Fundamentals of Java Programming, Coursera

Introduction to Selenium

Introduction to Playwright

LANGUAGES

English
Full Professional Proficiency

Sinhala
Native or Bilingual Proficiency
